

What I did:

- Drafted poster layout including event details and sponsor logo
- Scheduled promotional visits across different classes
- Delivered short presentations to encourage sign-ups
- Drafted captions and coordinated with IT club for Instagram posts
- Prepare participants lists, group doubles teams and ensured certificates were ready

Challenges:

- Multiple rounds of revisions delayed approval
- Limited time slots due to exam schedules
- IT club president became unavailable, delaying coordination
- Late arrivals caused delays in match scheduling
- Score recording required quick coordination to avoid confusion

Solutions:

- Met Mr.Damian in person to resolve feedback quickly
- Coordinated with lectureeeers to fit promotions into available breaks
- Worked with the assistant secretary to reassign duties
- Adjusted match order to accommodate late arrivals
- Worked closely with the technical committee to ensure accurate score tracking
